

AWSA Southern Region Mid-winter Meeting

Birmingham, Alabama

January 8th, 2022

The mid-winter meeting of the American Water Ski Association's Southern Region began at 9:00 a.m. Central on Saturday, January 8th, 2022, in Birmingham, Alabama. Attendance of Southern Region Directors and state council members can be found at the end of the meeting minutes. Quorum was established. Over twenty individuals, including council members and committee chairs, joined virtually.

Lyman Hardy made a motion to accept the agenda. Joy Coomes seconded the motion. The motion was approved.

Lyman Hardy made a motion to accept the minutes from the Southern Region's summer meeting held during the week of the 2021 Regionals held in South Carolina. Jazmine Gagner seconded the motion. The motion was approved.

Cynthia Logan provided the treasurer's report. Important to note, two significant items increased revenue in 2021- Junior Development funds and sanction fees. Expenses were down due to decreased travel brought on by the Covid-19 pandemic.

Ray Crenshaw made a motion to accept the treasurer's report. Pat Coomes seconded the motion. All voting members approved the motion.

Next, Bob Harris provided a high-level summary of the "EVP Winter Newsletter." This included a review of the AWSA licensing fee; Bob reiterated the licensing fee's purpose of supporting tournament cost mitigation.

The next item on the agenda was the USCOP discussion which included: Safe Sport and MAAPP Requirements, Officials Background Screening Requirements, and the updated communication from the Executive Director.

- Safe Sport and MAAPP requirements distributed in the mid-winter meeting packet.
- MAAPP requirements
 - If you register online, there is not a significant change in the process. If you forgo online registration, a significant amount of additional work and responsibility will be placed on the LOC.

- The LOC can post the MAAPP requirements onsite (e.g., on the results board/scoring area) and meet the requirements.
- Background screenings
 - Appointed and assigned judges at Nationals will be required to have background screenings.
 - This will be vendor specific. Background screenings completed for other organizations will not be accepted.
- Only competing or officiating AWSA members must complete the Safe Sport training. This comprises 41% of AWSA membership.
- Dana Garcia inquired as to the impact of Safe Sport training requirements on international competitors who participate in AWSA tournaments.
 - Bob Harris will provide Dana Garcia with more details post-meeting.
 - Bob Archambeau provided additional details.
 - If you are Safe Sport certified in another sport, the certification should be sufficient. If an international skier participates in a USA Waterski tournament, they must have Safe Sport training. If they ski in the USA for an IWWF tournament, their NGB requirements are sufficient.
 - Bob Archambeau following up post-meeting to verify.
 - *Note added post 01/08 meeting:* Per Nate Boudreaux during January 17th's town hall, if someone in USAWS completes the Safe Sport training for another NGB, that will also cover USAWS. They need to go into their Safe Sport account and list USAWS as one of their sports so that completion of the training transfers to USAWS.
 - Brett Gagner and Dana Garcia requested copies of the mid-winter meeting packet.
- The takeaway - background screening requirements have been scaled way back.
- Jazmine Gagner asked how AWSA's insurance will be impacted if an individual who has not taken the Safe Sport training, but is within the 30-day window to complete the training, violates the Code of Conduct.
 - Per Bob Archambeau, something of this nature will not impact our insurance.
- A defined process has not been developed for handling skiers' scores if the skier participates in a tournament after the 30-day grace period and neglects to complete the training.
- There will be some MAAPP requirements for LOCs, even with online registration, because a significant number of officials are not participants.

Lyman Hardy then provided an update on the 2022 Southern Regionals hosted by Lymanland USA. Lyman's update included:

- Dates: Wednesday, July 20th - Sunday, July 24th.
